

How about taking some quality time?

A time for discovery and closeness. A time for authenticity and conviviality. A time to be together and share.

At Evi Hob, we take the time to help you discover the magic of our local areas and regions. Far from the cities and close to the real world, our aim is to offer you the best possible immersion in the local culture.

We want to make our hobs places where you can relax, chat, drink, dance, work together, enjoy yourself or simply take the time to live a unique experience.

Leave everything behind in our comfortable rooms, savour local dishes cooked with love by our chefs, enjoy the wonders of our regions, and let us take care of you so that you can enjoy a relaxing and, above all in**hob**liable stay.
